ARCLAND BREAKING GROUND IN RANDALLSTOWN MD
Arcand Builds a Bi-Level Storage Facility in Randallstown

July 20, 2021 – [Arcland Property Company](#), a local real estate and development firm with a focus on the self-storage industry, is developing a new 825-unit self-storage facility in the commercial core of Randallstown Maryland.

The development consists of two bi-level buildings comprised 100% ground level accessed units, the preferred unit type of customers. In addition, there are 42 RV/Boat parking spots available for rent. The development is located within one mile of two shopping centers anchored by Home Depot and Walmart and has visibility from 30,000 cars daily.

About Arcland Property Company - Arcland Property Company (“Arcland”) was founded in 2006 and started building its first self-storage project the following year. Since then, Arcland has evolved from a generalist commercial real estate development firm to a specialty player with fully integrated self-storage capabilities developing, investing in, and operating in this sector.
